

RE: LPMF I live in Montrose, CO. I listen to KLOVE on a FM translator. If you allow the LPMF to go through I will no longer be able to listen to my favorite station. There is only one other Christian based radio station in this area and it is mainly talk radio. It does not allow me to listen to the inspiring music I hear everyday & even at work that I can hear on KLOVE. Several of my family members throughout AZ & CO also listen to KLOVE on FM translators. I financially support KLOVE so that it can be broadcast in my area & I will gladly continue as long as this radio station is available in my area.

Thank You,
